Ontario Premier Doug Ford

Beware the Ides of March

" My friends , QAnon sources have told me that we in the Deep State will make our move for world-wide domination on the 16th of March .

Because they want me as your leader in the area once known as Canada , I will give every one a heads up to what's going to happen.

Iran , China & Russia will be framed for hacking into 1000 Boeing 737 Max 8s , and reprogramming them to fly into buildings all over the world .

Because citizens now are unable to critically analyze anything anymore and willfully swallow whatever bunk is pored into your brains by the main stream media , you will buy into the Deep State's narrative that RIC (Russia , Iran , China) was behind the dastardly deed . You bought our 9/11 bullshit , and you will certainly buy our latest bullshit .

This will allow our beloved President Trump to suspend Congress and begin a global war . Then

The United Conservatives will pass the **Farm Freedom and Safety Act (FFSA)**

The FFSA will:

- **Repeal Bill 666**
- Require employers to **maintain workplace insurance** for farm workers, but allow employees to **choose their insurance** as long as **basic standards of coverage are met**.
- Exempt small farms from employment legislation.
- Exempt **basic safety standards**.
- Recognize that operating a farm is like operating a conventional business, and that farmers and ranchers require no **greater flexibility** in meeting employment standards.
- **Minimize basic standards** on farmers and ranchers.
